Total Quality Management and production capacity enables us to provide complete solutions to meet our clients requirements.

## Our Expertise

- **Machine Design & Fabrication**
  - Process Equipment
  - Custom Made Equipment And Storage Tanks
  - Bulk Handling Equipment And System
  - Lifting Equipment
- **Mechanical And Structural Engineering**
- **Environmental Engineering**
- **Consultancy And Application Of Statutory Requirements**
- **Machine Installation and Maintenance Services**

### Bennova Services

Engineering & Procurement  
 Project Management  
 Construction & Commissioning  
 Technology Assistance  
 Spare Parts Management

### Bennova Consultants

Mechanical and Electrical  
 Civil and Structural  
 Architectural

*Perfect Engineering Partner*

## Portfolio

DESIGN | FABRICATION | INSTALLATION

### Petronas Refinery PSR-2 Revamp

Scope: Piping System and Manpower Supply

### Manjung Coal Fired Power Plant

Scope: Conveying System

### Tanjung Bin Power Plant

Scope: Conveying System

### Tasek Cement

Scope: Cement Discharge System, Diesel Tank

### CMS Cement

Scope: Cement Discharge & Conveying System

### Power Plant

Scope :Steam Venting Silencer, Diesel Tank

### Langkawi Cement

Scope: Conveying System

### Emery Oleochemical Plant

Scope: Storage Tank & Piping System.

### Automotive

Scope: Plant Construction, Machine Installation, Equipment Design, Water Cooling System.

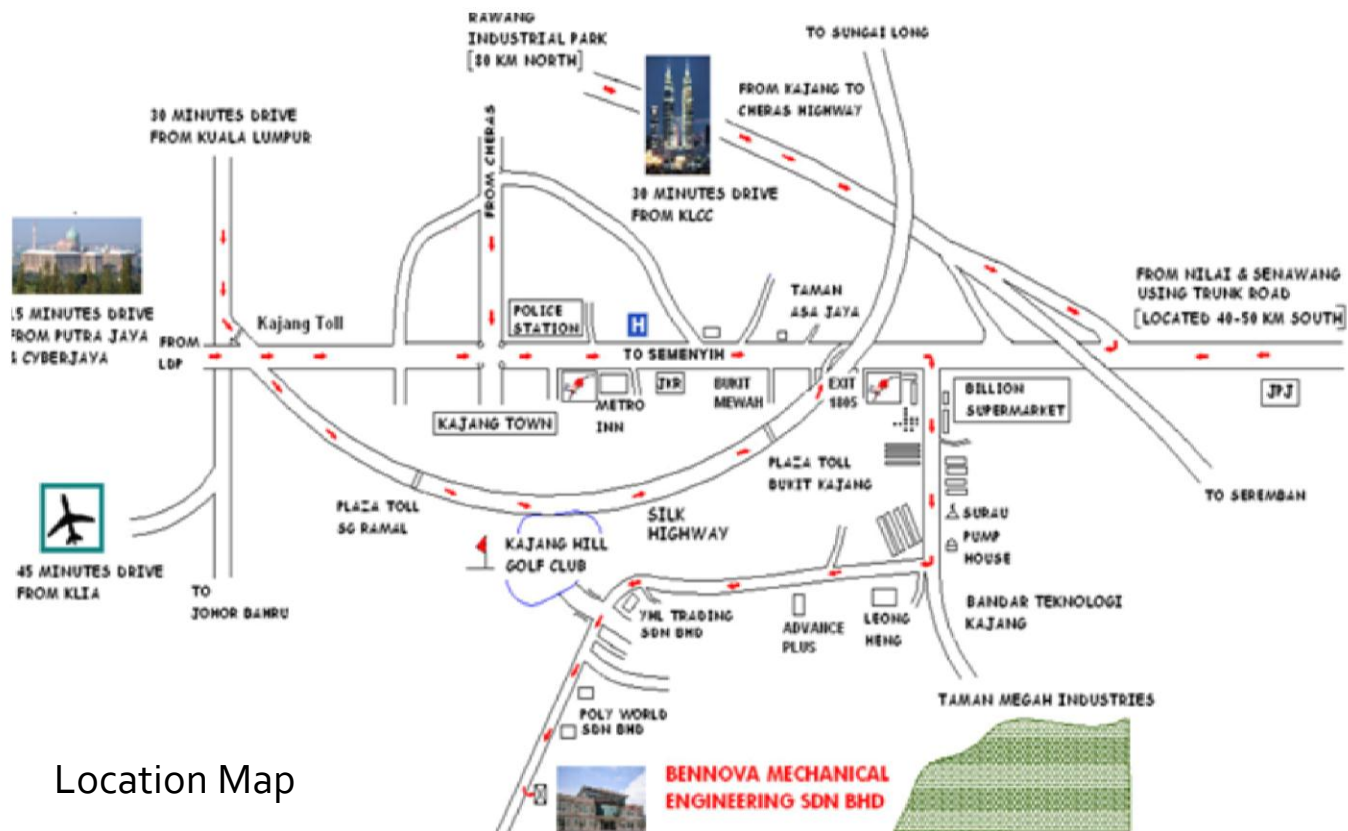

### Lead Recycle Plant

Scope: Plant Construction, Equipment Design & Installation of Dust Control System, Water Cooling System

### Carbide Industry

Scope: Plant Constructin and Dust Control System
